Stri Vashikaran Mantra

Stri Vashikaran Mantra is used to control one. Vashikaran i.e. love-spells is the way to possess one's mind or to control someone in such a way that the target is under your influence in all respects. He will obey whatever you say. In fact, he is made to love you with the help of tantra mantra. Vashikaran technique basically belongs to ancient India and is used in the interest of humanity. Suppose, you deeply

love someone for many years. You have given precious part of your life to him or her but suddenly your partner, girlfriend or boyfriend steps back and refuse to marry you. It breaks you not only heartedly but also mentally. It directly or indirectly tells upon your health in negative manner and you go into depression.

But if, love-spells technique is used by an expert tantrik or Aamil Tantra Siddha Dr.Rupnathji, your desired partner will come back to you forever. Actually, he will start missing you so much that he can't imagine his life without you. It further makes him to marry you. Thus, you get success to get him back.

Take an another example to understand it more clearly. You are wedlock. Your spouse behavior is changed towards you negatively. He does not talk to you. He is not caring or loving you or he is even not giving proper attention to his children. He runs away from his responsibilities to the family. He is after someone else. It hurts you a lot, but again, powerful love-spells is the effective solution to bring him back on the right track towards the entire family.

You love your boyfriend very much. He loved you too but all of a sudden, he has changed now. He does not pick your calls or reply your messages. He does not want to meet you. Any other female is there who snatched him from you. Gradually, he is going away from you. Now you think what happened to the love or promises, we made to each other. You want to marry him, but he is not ready to get married with you.

All such types of problems are solved by casting Vashikaran on the target. Guruji Tantra Siddha Dr.Rupnathji cast powerful love-spells on the target on behalf of you. Tantra Siddha Dr.Rupnathji performs the required worship or puja, yajna or homan to bring your lover back. Many people are benefited and got success. Guruji Tantra Siddha Dr.Rupnathji uses both Hinduism and Islamic ways to sort out the issue. Voodoo spells are also done on special demands. He makes powerful and energized yantra, taweez, tilak, gande, rosary and other ritual items to make you successful in love.

#### Mohini Mantra In Hindi

We are providing mohini mantra in hindi "Mantras" derived from the Sanskrit 'man', meaning 'to think'. Mantra literally means 'instrument of thought'. Mantras are hymns, which are believed to benefit that chants them. Vedic mantras are said to have been divinely 'heard' (shruti) by ancient sages & Tantra Siddha Dr.Rupnathji. These hymns are mostly invocations to the gods for protection against evil, or for assistance in performing one's duties or specific functions. The effectiveness of the mantras is said to depend on the mental discipline involved in its correct recitation, and the accompanying mode of breathing. According to the Agni Purana, if a mantra is recited quietly or in the mind, it is very effective. We here describe some of the most commonly used mantras & shlokas in our daily life.

Now Rupnathji gets a lot of spell requests, but the one single spell most requested above all is "What spell do I use to get my Ex back?" I've always been dubious about this but there is a way to make these spells to get back those who have told you they don't love you anymore (!) actually work - and also, why they generally fail if you don't know this-Rupnathji.

Same Sex Spells

Love Spells are very powerful, cast Love Spells or casting love spells under my guidance as spells are like magic spells to attract love of the same sex.

Love Spells are spiritually prepared and have done wonders in the past.

If you love some one of the same sex then love spell will help you to achieve your goals.

Obtain a photo of the victim-to-be. If no photo is available, get some hair or finger-nail clippings. Get anything that fits into whatever model of magick you hold

and combine this with a sigil (a pictorial glyph) of the guy of your own design.

Sit in a still clean place (Your Temple) and declare the circle to be cast, through a banishing ritual or reciting a poem and waving your arms around, etc. Put the likeness of

the guy onto your altar (or similar) and channel energy up through your legs, torso, arms and into the likeness. Keep doing so as you pick the object up (both hands) and hold it

tight, (because you love his impression). Tell him over and over that you love him absolutely and that he loves you dearly. Tell him that he loves you and that you love him

and that you were meant to be together, repeatedly. When satisfied, close the circle and declare the ritual over.

Take the object and wrap it up, to 'bind it' and store it in a clean, safe place such as strapped to the bottom of her bed or buried in her lawn, etc. Usually I would have some

purple candles on the altar. You specified 'white magic' so use white candles.

Picture also plays a very important role on Love Spells.

You may take a picture of the person you love or you are interested in.

After you have the picture, behind the picture you may write your name and birth date.

The dip the picture in a solution of balchad and keep it for 15 days, after 15 days are over you may put the picture in the sea and while throwing the picture in the see chant these prays

Nau Sau Ser Bil Uma Rah Rab 21 time

You will experience great wonders soon.

## Vashikaran Mantra Very Powerful Love Success

Only in the Shukla Paksha, sit on a woolen blanket in the house of your guru or at a holy place when there is a favorable Nakshatra in the sky and japa 41 rosary-cycles daily with full faith, at night. Dark Magic Spells

You may ask, what is black magic? There are many debates as to what exactly is black magic and how it is different than white magic, or any other color magic you may have heard of.

In the simplest terms, all magic is the same and really had no color, but the media, movies, television and video games has made color magic very popular. In the media, black magic is portrayed as evil, white as good. Red is often seen as love magic, green as money or wealth.

Such a division of magic into colors is useful, you can color-code your own spell code, writing love spells on red or pink paper and make them easy to find, but in reality this division of color does not really exist, the 'magic' is the same for all these spells and rituals.

So what is Black Magic then?

Real practitioner Tantra Siddha Dr.Rupnathji consider spells which fight against, or try to manipulate free will as black magic. Because these spells try to influence the normal life of others they can become pretty dangerous if they backfire. Free will is considered by some as the strongest force in nature so care should definately be taken when dealing in the dark arts.

The line between what can be considered back magic is fuzzy though. Love spells are rarely seen as black magic, but if the spell makes someone leave their spouse and travel across the country to be with you you are definatly messing with free will. However, a simple crush spell to get a date doesn't really mess with their free will.

No matter how you decide to define black magic, the following are generally considered as black magic spells:

- Death Spells
- Hurt Spells
- Resurrection Spells
- Banishing Spells
- Binding Spells
- Conjuring Spells
- Energy Spells
- Nightmare Spells
- Power Spells
- Revenge Spells
- Bad Luck Spells

#### Black Magic Spells Love Spells Magic Spells Money Spells

In the folk magic of virtually every culture there are spells that make use of all of our bodily effluvia and detritus, including the amniotic sac (caul) of a baby, spit, semen, tears, urine, feces, head hair, pubic hair, and nail clippings. However, due to taboos surrounding menstrual blood, semen, and urine in some urban cultures, the use of these particular body fluids in spell-casting can be problematic for those unfamiliar with the larger history of folk magic. In light of the universality of bodily effluvia and detritus as tools of magic, the singling out of menstrual blood, urine, and semen is most rationally approached on the basis of their intended effect (generally spells of sex and love) than on the basis of their origin (human bodies).

The frankest discussions of the uses of these substances in magic will be found in ethnological treatises on folk-magic; the "ceremonial high magicians" of the late Victorian era (including Aleister Crowley and his cohorts) were too prudish to deal with this matter as anything other than an antinomian and rule-breaking rite. They found it exhilarating in proportion to the degree to which they judged it to be daring, provocative, and naughty -- and their 20th and 21st century followers have continued in the same vein, especially as the possibility of blood-borne and sexually-transmitted diseases has made working with these substances seem dangerous. In folk-magic, on the other hand, menstrual blood, semen, and urine are straightforward tools of spell-casting and the knowledge of how to deploy them is routinely passed from one family member to another.

Binding Love Spell

We provide service of Binding Love Spell

You'll need:

- 2 photos (yours and your beloved's)
- A needle A yard of red ribbon
- or sharp object to poke holes into the photos

Poke holes in the pictures then sew them together chanting your desire.

Warning! Remember, as with all binding spells, you are also binding yourself to the other person - think before you do it! Binding spells have a tendency to become really complicated! You might be binding yourself to a cheat, lazy bum, or serial killer - it could happen!

Also, keep in mind that attempting to force another to conform to your will is highly immoral. In addition, it doesn't always work. Don't write to ask me what you did wrong. If the spell didn't work then your relationship simply wasn't meant to be. (Actually the clue that your relationship wasn't meant to be was given to you when you got dumped.)
